

## PRIVATE HEALTH SERVICES REGULATORY COUNCIL

23/07/2014

To All Provincial Director of Health Services,

### Issuing of Vaccines

At the Private Health Services Regulatory Council meeting held on 14/03/2014 it was decided to inform all Private Hospitals and Medical Centers that the cost of administration of vaccines which are given free for the private sector from the Government sector cannot exceed more than Rs.150/= per vaccination. Private Hospitals and Medical Centers should strictly follow the National Immunization Schedule. Cold Chain should be properly maintained and report of vaccinations administered should be submitted monthly for the places where they obtained their vaccines.

Accordingly please be kind enough to inform all private hospitals and medical centers in your province to adhere with the above.

Your kind attention on this regard is highly appreciated.

Thank you

**Dr. Kanthi Ariyaratne**  
Secretary  
Private Health Services Regulatory Council

- Cc. 1. All Private Hospitals - *for information and necessary action.*  
2. All Medical Centers - *for information and necessary action.*
